

TERRIFIC STORM CARRIES DEATH AND DESTRUCTION ACROSS THE UNITED STATES

46 KILLED AND 200 ARE INJURED

Windstorms Reach Velocity of Eighty-six Miles an Hour at Times.

TELEGRAPH LINES AND RAILWAYS DEMORALIZED

Winnipeg Feels Effect and is Cut Off From Telegraph Communication.

By Bulletin Leased Wire. St. Louis, Mo., March 21.—At least forty-six dead and 200 injured in the storm which Thursday night and today swept the country from the Rocky Mountains east to Pennsylvania.

The reports, however, are slow in coming in, and it is believed later figures will greatly increase the list of fatalities. The property damage will run into the millions.

In Arkansas, Louisiana, Ohio, Indiana and Michigan, the storm was almost a cyclone. Three towns were practically wiped out, Hoxie, Mo., Saline, Ia., and Lower Peach Tree, La., where fifteen people were killed. In towns further north, houses were unroofed, buildings raised and much live stock killed or injured.

In the grade divide railway traffic is completely cut up or badly hampered. Street car traffic in many large cities of the Middle West and South is demoralized. Telegraph and telephone service is everywhere impaired.

Some of the Fatalities.

Here are some of the injured: Poplar Bluff, Mo., seven killed and 100 injured; Hoxie, Ark., 4 killed and 40 injured; Walnut Ridge, Ark., one killed, two injured; Dallas, Tex., one killed and 20 injured; Lower Peach Tree, La., 15 killed; Frankfort, Ind., one killed; Lafayette, Ind., one killed; Columbus, Ohio, one killed and three injured; Detroit, Mich., one killed; Turin, Ohio, one killed, six injured; Colmar, Mich., two killed; Seneca, Miss., one killed; Alamo, Tenn., one killed; Spring City, Mo., three killed; New Haven, Mich., three killed.

Worst Storm of Year.

Chicago, March 21.—Spring arrived in the Central West today on the wings of the most destructive storm in the year. Snow, sleet and rain and wind brought telephone and telegraph poles to the ground, wrecked buildings and much live stock was killed. The toll of death will be large, as storm conditions were general all through the Central and Southern states.

More poles are down than in any storm of recent years and several were probably well along before conditions will approximate normal. Throughout the day there were practically no Western Union wires coming out of Chicago. The same was true of the Postal company, but strenuous work managed to get several wires of each company working at intervals by midnight. Cans of kerosene "trouble men" with spare wire and emergency outfit were sent out to the houses hitting the lines to trees, poles, wires, sorting out the tangle of fallen lines and doing what is possible to get enough wires in connection to carry the pressing commercial and news dispatches.

Train service into and out of the city is all directions and through trains arrive into the stations hours with engines and cars stuck in ice. Interurban traffic on many of the lines was poor to the extreme. Protracted cold weather had exhausted their resources and the worst storm of the year, coming just before Easter, threw them almost entirely unprepared.

Winnipeg Feels the Storm.

Winnipeg, March 21.—The winter unusually free from wire interruptions from storm or other cause, continuing in practically cut off today from the east and south further than Saturday on the one hand and from the west on the other. A tremendous storm sweeping across the Middle West has practically isolated the Twin Cities from Chicago, so far as wire communication is concerned. All trains south of the international boundary are reported running many hours behind schedule.

Raged All Day.

The storm, which broke over the western Middle West last night, has raged with gathering force all day. Telegraph business is practically at a standstill, and the railway developed delays in particular have been crippling.

(Continued On Page Two.)

WOMEN OF INDIA TO PRESENT AN ADDRESS

Honor to the Paid to Lady Hardinge, Whose Husband Was Victim of Attack.

By Bulletin Leased Wire. Bombay, India, March 21.—A movement has been inaugurated by Lady Sydenham for the presentation of an address to Lady Hardinge, from the women of India, and it is meeting with phenomenal success. In every part of India meetings have been held, and there in native centers and British centers have been attended by women of every caste and class.

Such assemblies are without parallel in the history of India. The address which is to be presented in a silver casket, after expressing regret at the attempt on the life of the viceroy, says the women of India are profoundly impressed by the fortitude and composure of Lord Hardinge.

THOUGHT EACH WAS BURGLAR

Police Men Nearly Shoot Each Other When They Come Together in Dark.

By Bulletin Leased Wire. Minneapolis, March 21.—Two patrolmen nearly shot each other when they met in a restaurant early this morning where both had been sent, ignorant of the other's presence, to look for burglars.

Patrolman Leifmeyer found the door of Monahan's restaurant open and went in to investigate. Mrs. P. Peterson, working in a restaurant across the street, saw his flashlight, thought he was a burglar and telephoned to police headquarters. Patrolman Leary was sent. He opened the front door and walked in. In one hand, flashlight in the other, as he neared the kitchen, he stumbled against a man and went down.

In a second he was looking into the muzzle of a revolver held by Leifmeyer and Leary was covered with Leary's gun. When they recovered from each other, each when he discovered he had nearly killed a fellow policeman, they sat down in the kitchen and ate a piece of pie, waiting for the owners to come and lock up the restaurant.

Robbed of \$45,000.

New York, March 21.—W. A. Hall, president of a magazine company, was robbed in the subway yesterday of \$45,000 worth of securities belonging to the company. The theft became known early today through an advertisement in which Mr. Hall offered a large reward for the return of the papers with "no questions asked."

To Work for World Peace.

Stanford University, Cal., March 21.—It was announced today that President J. B. Jordan has been granted a leave of absence for next semester to enable him to go to Europe to work for world peace. Dr. Jordan will visit the Balkan states and view the results of the recent war.

Explosive Held Convention in Wetaskiwin April 2nd

Executive of the Association Holds Meeting and Selects Candidate for Coming Provincial Election.

Special to the Bulletin.

Wetaskiwin, March 21.—At a meeting of the executive of the Wetaskiwin Liberal Association held last evening it was decided to hold a convention for the selection of a candidate to contest the constituency in the forthcoming provincial election, on Wednesday, April 2nd.

Committees were appointed to complete arrangements for the convention. Primary meetings will be held throughout the district shortly, and it is expected that the meeting will be well attended. C. H. Olin, the brothers have learned other habits not mentioned in the paper, is said to be in the neighborhood.

Marooned For 45 Days.

Alaska Prospector Had Adventures in Belating Sea Island Where Found.

Tacoma, Wash., March 21.—Thornton F. Williams, an Alaska prospector, was found by fox trappers Friday last on a Belating Sea island, where he had been marooned for 45 days.

He was out in an open boat when a storm which destroyed the boat took him upon the island. He let the fire on the island and he had been on the island for ten days, and there after still alive by eating seaweed, grass, mosses and such which he found on the beach. He was barely alive when the trappers found him.

See Big Trade in Oil.

Vancouver, B.C., March 21.—The President of the oil trade here, having been recently impressed with the weakness of oil supplies in the world, has been at the far end and expects that China and Japan will take an increasing amount of Canadian oil.

WALKED 100 MILES OVER BROKE ICE

Men on Whaling Ships Lost in Behring Straits Have Very Narrow Escape.

PARTY IN WHALE BOAT ENCOUNTERED STORM

For Three Months Subisted on Walrus, Living in Stone and Ice Huts.

By Bulletin Leased Wire. New Anchorage, March 21.—Dannet Gotschick, of the whaling schooner Morra, reached home last night after a trip of one hundred miles over broken ice in the Behring Straits, with the news of the loss of the schooner Kiltwick and Morra, and hardships endured by members of the crew. The schooner was caught in the ice near the Alaskan shore last fall and the crew landed boats to prepare winter quarters. Before the men were able to land all their provisions, or make extensive preparations for the winter, a great storm struck, preventing the return to their boats. During the storm the ice crushed the schooner.

The crew, consisting of Gotschick, Keren, naturalist, owner of the Kiltwick, Albert Gundersen, and Gus Schroeder, starting out in the remaining whale boat in an attempt to cross the strait through the open leads in the great floes to the Beeward peninsula.

The party in the whale boat encountered a terrific storm near Big Humed Island, and their boat was smashed in the surf. For three months the men subsisted on walrus, living in huts made of stone and ice before they were able to attempt the passage over the broken ice to the Beeward peninsula and Nome.

Officers Elected for Year and Resolutions Passed, Expressing Confidence in Lord Bute.

George P. Smith of Canmore.

Special to the Bulletin.

Dayland, March 21.—A re-organized association of the local Liberal Association was held last evening, when the following officers were elected: President, J. H. Burrows; vice-president, J. H. Burrows; treasurer, W. D. Heller; executive officers, J. S. Orr and P. E. Gray.

A resolution was unanimously passed, expressing confidence in Lord Bute. The representative in the provincial Legislature.

A full delegation of ten will go from here on Tuesday to attend the Liberal convention in London, B.C. Mr. Smith is the only nominee mentioned as the choice of the convention or not at all.

FRIEDMANN'S PATIENTS CONTINUE TO IMPROVE

Word From Berlin Brings Good News of His Treatment in Germany.

By Bulletin Leased Wire. New York, March 21.—Sufferers from tuberculosis whom Dr. Friedrich Friedmann treated with his vaccine before his departure from Berlin to this country are reporting considerable improvement to the treatment, according to a cablegram received today by Dr. Friedmann, superintendent of Bellevue hospital. The cablegram came from Berlin, signed by Dr. O. Ullrich.

Dr. Friedmann treated sixteen patients here today, but was obliged to postpone the treatment of fourteen others until tomorrow, owing to the illness of some of the patients. He devoted most of the day to the preparation of a new supply.

LIBERAL CLUB TO TALK ALL ABOUT THE NAVY

South Side Liberal Hold Debate Today and Discuss All Points of Subject, Which is Now Agitating the Dominion.

All sides of the navy question will be debated on Tuesday evening at a p.m. by the South side Liberals in the room of the Dominion. The following are announced as speakers: J. P. Laidlaw, J. J. Foster, J. S. McDonald and P. P. Truiper.

The following are announced as speakers: J. P. Laidlaw, J. J. Foster, J. S. McDonald and P. P. Truiper. The following are announced as speakers: J. P. Laidlaw, J. J. Foster, J. S. McDonald and P. P. Truiper.

DAYLAND LIBERALS PREPARE FOR CONTEST

Officers Elected for Year and Resolutions Passed, Expressing Confidence in Lord Bute.

George P. Smith of Canmore.

Special to the Bulletin.

Dayland, March 21.—A re-organized association of the local Liberal Association was held last evening, when the following officers were elected: President, J. H. Burrows; vice-president, J. H. Burrows; treasurer, W. D. Heller; executive officers, J. S. Orr and P. E. Gray.

A resolution was unanimously passed, expressing confidence in Lord Bute. The representative in the provincial Legislature.

A full delegation of ten will go from here on Tuesday to attend the Liberal convention in London, B.C. Mr. Smith is the only nominee mentioned as the choice of the convention or not at all.

Many Rationize Library.

The Public Library, Main street, was one of the busy places on the north side on Tuesday. Being a public holiday, the library was open from 2 to 4 p.m., and these were four busy hours. The reading room was crowded and the children overflowed into the general and reading rooms. Nearly forty juvenile books were issued or exchanged, and about thirty of the books were loaned to adults. This is a very good showing for four hours. It would average about half a dozen every hour.

On Thursday there was also a heavy attendance. The books were loaned to adults, and the books for adults were closing time. After school hours and on school holidays the library has been crowded and students in the reading room. The reading room is learning the history of the library, and the library is learning the history of the library.

A bright young man who is often in mischief was observed returning a book about horses. The library may serve a useful purpose in turning his attention from mischief to something more heroic.

Carpenters of Richmond, N.C.

of Springfield, Ohio, have prepared a new tariff to go into effect May 1st, which calls for an increase of five cents per hour.

South Side Liberals To Meet on Monday.

A Liberal mass meeting on Monday evening at eight o'clock in the Liberal Club room, new location, black, white, women, and young men, will be held for the purpose of nominating a candidate for the coming provincial election, and for the purpose of nominating a candidate for the coming provincial election.

MONARCH OR ALL COOPERATOR OR ALL

This is Answer of King Nicholas of Montenegro to Threats of Austria.

RUSSIA IS URGING FOR CONCILIATION

Servia Realizing Fruitlessness of Continued Siege at Sarajevo, Will Yield.

By Bulletin Leased Wire. London, March 21.—Relations of Austria and Montenegro have become acute even to a point of breaking, as a result of the curt reply of King Nicholas of Montenegro to Austria's note concerning Serbia in which he refused to accept for inquiry due to the civil population of Serbia, but refused to comply to Vienna's demand that civilians be allowed to leave the besieged city or to permit an Austrian official to participate in the trial.

Austria already has decided to send Montenegro a more urgent note which will demand that the king be allowed to leave the city or to permit an Austrian official to participate in the trial. The king, however, is said to be unwilling to leave the city or to permit an Austrian official to participate in the trial.

MAY PREVENT JAPS OWNING PROPERTY

Movement to Prevent Them Owning Property in California May Have Serious Results.

By Bulletin Leased Wire. Sacramento, Cal., March 21.—An alien land law to exclude Japanese from ownership of real property in California can be enacted only at the cost of Japan's support of the San Diego and San Francisco exhibitions in 1915, according to members of the legislature today.

Before the sub-committee in charge of the land bill, Frank Rich, attorney for the Panama-Pacific exposition, declared today that not only would Japan's support of the exhibition be lost, but that it would seriously affect England and Germany, both of which nations desire a liberal exhibition representation guaranteed before their merchants and manufacturers co-operate.

HUNGER STRIKE IS SUCCESSFUL

Sylvia Pankhurst Released From Holloway Prison After Month's Imprisonment.

By Bulletin Leased Wire. London, March 21.—Sylvia Pankhurst, the militant suffragette, today was released from Holloway prison by means of a "hunger strike." She was her release, and the government would endanger her life.

Sylvia Pankhurst, who is the daughter of Mrs. Emmeline Pankhurst, leader of the militants, was sentenced on February 18 to two months imprisonment for engaging in a "hunger strike" in the prison.

U.S. GOING SLOWLY WITH FRIEDMANN

Caution Predominating Feature of American Authorities' Dealings With Berlin Physician.

EXAMINE CULTURE OF BACTERIA USED

Thus Far Dr. Friedmann's Tuberculosis Culture Demonstrated to Be "Live Bug."

By Bulletin Leased Wire. Washington, March 21.—The public health service through Surgeon General Dill, issued his first statement today relative to the government investigation of Dr. F. F. Friedmann's alleged tuberculosis cure. The statement emphasizes the government's policy to proceed cautiously and not fall into the trap of the physician.

"On March 8, the secretary of the (treasury), on the recommendation of the surgeon general, of the public health service, caused a board of experts to examine the culture of the bacteria used by Dr. Friedmann to discover if it was a genuine tuberculosis culture. The statement emphasizes the government's policy to proceed cautiously and not fall into the trap of the physician.

"These officers immediately proceeded to New York and arranged with Dr. Friedmann to examine the culture of the bacteria used by him. The statement emphasizes the government's policy to proceed cautiously and not fall into the trap of the physician.

"The board of experts has been informed that the culture of the bacteria used by Dr. Friedmann is a genuine tuberculosis culture. The statement emphasizes the government's policy to proceed cautiously and not fall into the trap of the physician.

SOUTH SIDE CHURCHES.

First Baptist Church.—Rev. H. H. McCall, M.A., D.D., on Easter morning will gather for a special church service. The little roses are to take part, and there will be Easter songs for the congregation. The choir will provide the Easter anthem "Christ is Risen," and the minister will talk to the children about "The meaning of the cross." The church will be decorated and all the children and parents in the congregation will be welcomed.

"The Easter Message" will be the minister's theme in the evening. The choir will render "Send Out Thy Light," and the music quartette will sing. The ordinance of Christian baptism will be administered during the service.

Upon this glad Easter day, we should express our gratitude for the blessings of the risen Lord by a joyous attendance at His house.

On Monday evening Dr. Sheldon of the university will speak to the young people upon "The Superstition in Religion." Special music will be provided. All members of the congregation will be present.

Holy Trinity Church.

Easter Sunday.—Holy communion, 8:30 a.m.

Morning prayer and holy communion, 11 a.m.

Sunday School Easter Festival service, 2 p.m.

Children's Lenten offerings given, 4:15 p.m.

Evening prayer and sermon, 7:30 p.m.

Preacher at both services, the pastor.

Every church member is expected to communicate on Easter day. Especially beautiful Easter services are cordially invited to Holy Trinity. Come and bring a friend. C. Carubbers, H. H. McCall, rector, Phone 3163.

Metropolitan Church.—The anniversary of the joyous Easterday will be celebrated in the above church as follows:

11 a.m.—Women's Missionary Society will bring their annual sermon and thanksgiving service, and the V.

40 KILLED AND 200 ARE INJURED

(Continued From Page One)

pled to an extent for which it is difficult to find a parallel.

Weather conditions last night in Central Ontario were fair, and it looks as though the fall end of this remarkable disturbance in the storm that territory some time this forenoon. A good deal of anxiety is expressed here and in the cities of the disaster come from Ontario.

Great Violence in Detroit.—A terrific windstorm, at times reaching a velocity of eighty miles an hour, the highest point ever attained in this city during the five minutes period in the history of the local weather bureau, swept Detroit, and practically all of Michigan, today, leaving death and property damage in its wake. It is estimated that the total damage would reach nearly a million dollars. Tonight one death had been due to the storm, and many of the hospitals reported many seriously injured, and merge reports from upstate brought in the same details.

Second Storm in Tennessee.—Nashville, Tenn., March 21.—Following hard in the wake of the storm last night, which cost twenty lives in Tennessee and did great damage, the state was visited early this morning by another storm, swept in from the south through the middle of Tennessee, concentrating its fury on Murfreesboro, Indianapolis, and Jones, fatally, and doing a million dollars' worth of damage. The storm struck Murfreesboro at 10 o'clock, making a path through the public square. Nearly every building was leveled or practically destroyed. The Presbyterian church was completely wrecked. Out corner of the house was unroofed.

Killed Two Children.—Huntsville, Ala., March 21.—A tornado swept a belt of destruction a quarter of a mile wide through the northwestern section of Madison county this morning, killing two children of John Roberts, whose house was blown away.

Victim, Texas, March 21.—A negro woman was killed near here and a white child was injured at Winona in the severe storm last night.

Twenty-three Are Killed.—Mobile, Ala., March 21.—A special to the Register from Pulaski, Ala., says that twenty-three persons are known to have been killed at Lower Peach Tree, La., by a cyclone which was there this morning. Many more were hurt and the property damage is large. Fifty were injured at Fulton.

Gale Fifty Miles an Hour.—Columbus, Ohio, March 21.—A terrific wind storm swept over Central Ohio today, causing one death, probably a score of persons injured, numerous small fires and thousands of dollars' damage to property. The gale reached a velocity of fifty miles an hour.

Richard Plummer, a contractor, was killed, and three other men seriously injured when a brick building collapsed.

Jefferson, Texas, March 21.—Fifty to sixty thousand dollars' damage was done, but no lives were lost in a tornado which lasted two minutes here last night.

Arrangements for Relief.—The board has been organized with the Deutsche bank by the minister of finance, preparing for four months various arrangements for relief in case of a calamity.

Arrangements have been made by the Deutsche bank by the minister of finance, preparing for four months various arrangements for relief in case of a calamity.

M.R. Nelson Circle and Mission Band

will make.

3 p.m.—The R. S. Bible study classes for all ages will be interested in the special program and special attendance. Orchestra leading in special songs.

St. Anthony's Roman Catholic.—Rev. Father R. Lemaire, O.M.I., pastor. Easter Sunday—8:30 a.m.—Communion mass. 9:30 a.m.—St. Joann High mass. French sermon.

11 a.m.—Solemn high mass; English sermon.

7:30 p.m.—Solemn benediction. The choir has prepared special music. Special services will be delivered at Easter services by the Superior of St. John's College.

LOCALS.

The students of the Collegiate Institute, the pupils of the South side schools will have a good sized Easter holiday while the staff of teachers are attending the big provincial convention next week.

The Easter vacation at the University of Alberta lasts till Tuesday, March 25th.

The final examinations for science students of the University of Alberta will begin on Tuesday, April 1st. The examinations begin on April 26th. The freshmen of the University of Alberta held their annual reception on Saturday, March 21st. For two months more they will be freshmen no longer. Next fall they will enjoy the other side of the initiation ceremony.

The Easter vacation of the Alberta Methodist Theological College will be over on Tuesday, when the students will return to their studies. They are approaching examination.

Professor Jones has returned from a trip to Ontario.

The Senior Women's Auxiliary of Holy Trinity will hold a bazaar and sale of useful and fancy articles on Saturday, March 29th, in Balfour's old store on White Avenue. Many novelties for sale. Music provided.

The Rev. Mr. Laidlaw of Winnipeg, assistant superintendent of Church Camp Mission, has been a visitor at Holy Trinity rectory this week.

U.S. GOING SLOWLY WITH FRIEDMANN

(Continued From Page One)

have appeared in the newspapers. These officers have expressed no opinion and will not be in position to do so until the work was advanced sufficiently far to warrant some conclusion in regard to Dr. Friedman's treatment.

Months to Reach Conclusions.—It was further stated by the government officials that the government would take at least a month and possibly longer to reach any conclusions relating to the efficacy of the treatment upon the patients who are being watched by the board of officers authorized to make the investigation.

Dr. John F. Anderson and Dr. A. M. Stimson, who comprise the board, are keeping a daily clinical record of the cases treated by Dr. Friedman in the New York hospital. The Rev. Mr. Laidlaw, of Winnipeg, will furnish the basis for final reports.

This far, Dr. Friedman's tuberculosis cases had been demonstrated to be "a live bug" according to tests made in the government Argentine laboratory, here, sub-culture having been grown from the original culture of the bacteria. The results of the Berlin doctor several weeks ago.

REVIVE A GILBERT COMEDY.

Fuller Mitchell, at present appearing with William Frawley in the title role in "The Bachelor," plans to make a notable revival of The Delusion of Truth, the most successful comedy of the late William S. Gilbert.

ACTORS AID STARVING FAMILY.

Led by Mr. and Mrs. Oscar Rowland, of the Orpheum vaudeville circuit, members of the Orpheum Road show one night recently took an auto load of food and clothing to a needy family in East Lake City. They found the young children almost starving and a sick mother. The father has been out of work.

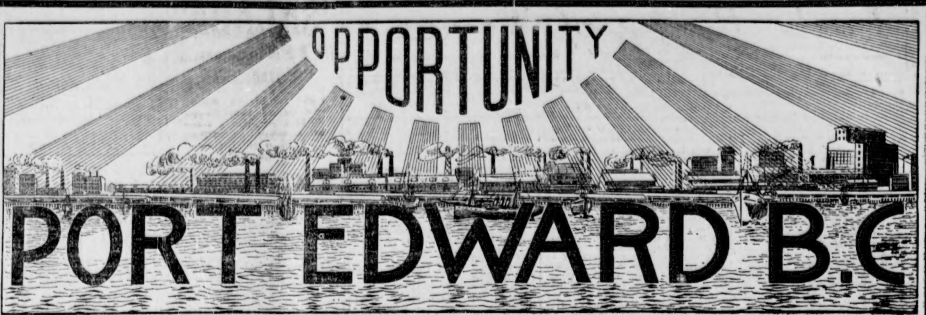

Henry Miller has been highly praised in Chicago not alone for his acting in "The Bachelor," but for the care and anxiety with which he performs the popular play.

Dr. Thomas, a health officer, is of unusual merit. After the engagement in Chicago Mr. Miller will be seen in several of the larger cities in the middle West and later on he plans a Canadian tour.

Maude Adams may give an open-air performance at Harvard this year on the same order as her performance of "Joan of Arc."

OFFER MAUDE ADAMS \$50,000 TO ACT FOR MOVING PICTURES

It is reported that Maude Adams has been offered \$50,000 by a moving picture concern to appear in her famous play of "Lady Blanche," in James M. Barry, Little Minister. There seems to be something to Adams' prediction that the time will come when the moving picture drama will supplant the "legitimate" when one considers the lavishly of that field by Bernhard, Mrs. Plake, Blackett, and James O'Neill.

On the 25th of this month, here in Victoria, B.C., the first sale of Lots in Port Edward Townsite will begin. This will offer to the investing public of Canada the greatest opportunity to profit by Western development since the first sale of town lots at Prince Rupert in 1909, which was followed by such wonderful enhancement of values. Port Edward forms the industrial annex to Prince Rupert and solves the problem of accommodation for industrial enterprises at the terminus of the Grand Trunk Pacific Railroad.

Port Edward's future is already assured. The great power company that will supply Prince Rupert and Port Edward with light and power has already chosen the latter place as the site for its plant and other big industries are negotiating for waterfront and pier wharf space, which positively cannot be even leased now at Prince Rupert.

Manufacturers and Business Men Should get this Information

Port Edward solves the industrial problem of Prince Rupert. It will unquestionably be the centering point for the manufacturing and warehouse business of the great North Pacific. Are you alive to the meaning of this new era? It is a serious matter for every representative Canadian manufacturer who means to cover his entire field. "Folder B" is a neat, matter-of-fact brochure, containing about every detail that a business man would want to know about Port Edward as an industrial centre. A post card or letter requesting it place it in your hands without any obligation attached. Send for it today!

Well Known Canadians Backing Big Enterprise

Without exception the directors and shareholders of the Port Edward Townsite Co., Ltd., which now offers this sterling property for sale, are men of prominence and of the greatest integrity. For the most part they are Canadians. Among them may be mentioned Mr. T. J. Drummond, president of the Canada Iron Corporation, Ltd., and several other companies, and director of the Royal Bank of Canada, the Montreal Trust Co. and numerous companies, Montreal; Mr. William Agnew, retired wholesale merchant, Montreal; Mr. Henry Walker, of Winnipeg, late general auditor of the G.T.P., and Mr. E. J. Mathews, first vice-president of the Dunsmuir Clay & Coal Co., of Seattle, the largest manufacturing concern in the State of Washington.

The capital stock of the Townsite Company is \$1,000,000 all subscribed and paid up. A development fund of \$172,500 has been established and more than \$67,000 has already been expended on engineering, clearing and general development work. More than 4-1/2 miles of plank walks have already been completed.

STARTING PRICES

From \$100 to \$2000 per lot
Lots measure 30x110 and 30x100. Terms: Quarter cash, balance over 3 years.

READ THIS REAL HUMAN INTEREST STORY

Conservative observers, delighted, after the first sale of Prince Rupert Lots, that the prices obtained were ridiculous and that the buyers would be a long time to re-sell. Yet, the second sale was attended by a perfect whirlwind of buying and prices soared. Thereupon it was said that the people of Prince Rupert were discounting the future far too much and that values were unduly high.

In August, 1912, another sale of Lots was held, and the result was another rush for Lots with pronounced. Prince Rupert men, who were in the very best position to know what values should be, in the forefront. At the close of that sale prices had risen to just twice what they had been early in 1912 and were still rising. There are many to know values as high as 600 per cent. increase on the same landward had been made in Prince Rupert, and it is conservative estimated that the average increase has been 200 per cent.

Port Edward is now at the starting point. You have an opportunity to get in among the first, just as you had when Prince Rupert Lots were first marketed. Are you going to let the chance pass by?

Tremendous Resources Behind Port Edward

Port Edward and Prince Rupert, at the terminus of the transcontinental railroad that has the lowest existing grade, also offer the shortest steamship routes to the great Oriental markets. They stand in the midst of a wealth of resources, both of sea and land, scarcely equalled by that of any other similar area. The fishing industry alone—Sir George Doughty, of Grimsby, England, estimates—will support a city of 100,000 inhabitants. Northern British Columbia is rich in minerals and timber. Port Edward and Prince Rupert will be the distributing points for this vast country, as yet hardly scratched, and also for the great Yukon country and part of Alaska. Besides, much of the Western Canadian wheat crop will soon be shipped via the G.T.P. and through the Panama Canal.

Only a bare hint of what Port Edward means can be given in this brief advertisement. Write today, now, for literature. Learn the real facts about this magnificent country and then you will be fairly face to face with a tremendous opportunity.

First Sale Begins Here March 27

First School in North-West Built in City

HOTTEST ELECTION EVER KNOWN IN THE CITY

Matthew McCauley Tells How the Edmonton School District Was First Established—Laying the Foundation for the Present Magnificent School System.

When we look at the magnificent schools that dot the city on every hand, when we reflect upon the splendid school system that has been evolved in Edmonton, it is a source of tremendous surprise to learn that that system was inaugurated after a few years' struggle in Edmonton, either in school or municipal matters.

It happened in 1881. A public school had been maintained by voluntary subscription for three years. The cost of its maintenance was borne by the citizens equally. A few, a very few, as they always do, sustained the burden.

The suggestion was therefore made that a regular-organized school district should be established. The Hudson Bay company, which owned the larger part of the school area, and some of the oldest settlers were afraid of the loss, immediately raised a chorus of protest. There was a howl of indignation.

It was at the first election of trustees, when the first school was built. Hudson Bay company, which fought the proposal strenuously, brought in from Slave Lake, Calgary and other places, landing those of their officers who had votes, and also a number of large number of the local land owners, in a big effort to swamp the supporters of the school.

Began to Get Hot Hot.

Math. McCauley, the present warden of the penitentiary, was then a young officer, and in his own picturesque way he tells of the happenings of that eventful day. The election took place on the day of the polling when matters began to get red-hot. The Hudson Bay company, which had told the people that they would be taxed for their floor and walls, and even their coat closets, if they voted for the proposal, brought in a number of their employees, and a few who were not known to have votes, the men coming in and voting at the company's building. This put the anti-school party five or six votes ahead.

As a counter to this move, Donald Ross, of the Edmonton hotel, brought in a big batch of his boarders. There had only one coin-skin coat vote then, and one of them would so vote and then take back and give the coat to the next man. "Every time I saw the coin-skin coat coming," says Mr. McCauley, "I knew it was another vote for the school."

All these men, the Bulletin said at the time, "swallowed the cast-iron path like little men."

The votes were cast in three languages—English, French and Gaelic. Interpreters being required in the latter two to explain the oath.

One man, upon being asked by the returning officer, who was to vote for—it was an open ballot—regarding "Richard Hardisty" Hardisty was then the chief factor of the Hudson Bay company. Upon being asked again he gave the same answer, "My God! An Indian." At the same time, the first vote was cast. The man who voted to vote against the school.

"My God! An Indian."

Another man, a Highland Scotchman, upon hearing the school, mistook, as he heard the words, "My God! An Indian." At the same time, the first vote was cast. The man who voted to vote against the school.

At four o'clock the poll was declared closed, just as an anti-school voter appeared at the poll. The returning officer and scrutineers counted up the votes, and announced as the result 54 for and 41 against the organization of the school district.

One of the scrutineers is it interesting to record, was W. B. Sheriff, Robertson, who was for the school, and the other scrutineer was G. A. Watson, a lawyer, since dead, who was against the proposal. Relations between these two were practically unknown, a number of Catholics working for the establishment of the school district.

During the day threatened destruction of the poll books did not materialize, but in the evening there were riotous scenes. There were free fights and brawls, which lasted for several days afterwards. Officials of the Hudson Bay company, and several prominent citizens who opposed the establishment of the school district were marked with representations of white fish, and the letters "W. B. S." on their backs.

it H.C., by opposing factions. It was a day which will long be remembered.

The First School.

The first school to be erected in the North West Territories was built at Edmonton, and the district would also have been the first to be organized but for the fact of the opposition. The petition was laid back, as a matter of fact, a year and a half, until the opposition was overcome by gerrymandering the boundaries. As it was, the district was the seventh to be organized in the west, and still is known as "No. 7."

The first school was erected on the present site of the McKay avenue school. Four lots were secured, some people wondered at the time why it was necessary to have so much ground, and said it would never be required. The first school teacher was James Harris, who received fifty dollars per month.

The school was four hundred dollars in debt when the district was organized, but the new trustees assumed that obligation. Mr. McCauley was the first chairman of the board, the other members being W. S. Robertson and D. Ross. Mr. McCauley had been a school teacher over nineteen years. The value of his services in that regard can be estimated.

The second school to be built was located where the old high school now stands, on College avenue. It was a four-roomed school. Many of the ratepayers wanted a school to be built on that site.

Appointments.

At the meeting of the school board on Thursday evening the following appointments were made on the recommendation of the school management committee:

Thomas W. Davidson, 91 Wall street, Brockville, Ontario, to the position of manual training supervisor, at least salary, to commence duties after Easter, or as soon thereafter as possible. Miss Arvids, C. H. High, Lacombe, via Cambridge, N.B., as domestic science teacher, at a salary of \$1,000 per year, duties to commence as soon as possible.

John Donald, 327 Kinross street, to the clerkship of the Purdell school, to assume duties a week prior to the opening of the school after the Easter holidays. In the event of his not accepting the appointment, the position to be offered to George P. Halsey, 715 Carey street, on the same conditions.

Thomas McCloy, 615 Ottawa avenue, caretaker of the Ross school, to commence duties April 1st. The following teachers were provisionally appointed to the teaching staff of the board, to commence duties as soon as possible: Miss Elizabeth Morrison, 37 Second avenue, Ottawa, Ont., second class certificate, second year. Miss M. Campbell, Ladak, Alta., second class certificate, second year.

Miss Elizabeth Morrison, 37 Second avenue, Ottawa, Ont., second class certificate, second year. Miss M. Campbell, Ladak, Alta., second class certificate, second year. Miss Elizabeth Morrison, 37 Second avenue, Ottawa, Ont., second class certificate, second year.

Buying Flag Poles.

At the school board meeting, on Thursday evening the following resolutions were adopted, as follows:

(1) That the building commissioner be authorized to call for tenders and to accept the lowest bid for a supply of manual training benches and domestic science fixtures, tables, cupboards and stoves for the Purdell and Ritchie schools.

(2) That "Modern Method" steel staircases for the various schools projected by the board, be secured from the Canadian Iron Construction Company, of Toronto, Ontario, and that the staircases be provided with slate treads, instead of composition treads as used at the present time.

(3) That the building commissioner be authorized to secure, filling as cheaply as possible for the Edmonton high school and Alexander Taylor school-grounds.

(4) That the grading of the Ross school grounds be done by day work. (5) That the tender of \$110 each for four feet flag-poles, as submitted by the Ritchie Carriage Company, of this city, for twelve additional poles be secured at the same price, if the poles are found to be satisfactory.

Truancy Report.

During the month of February, George Donnelly, truant officer, investigated 147 cases. Fourteen were found to be truants, eighty-nine were absent through indifference of parents, 125 were sick, and 104 were away from various minor causes.

The Norwood School.

The school board, at its meeting this week, received a petition from a large number of ratepayers, calling attention to the danger that exists to the children on account of the continual passing of cars at that point, and asking that the school be removed to a point further north, where the majority of the children attending the school resided.

While the board agreed with Mr. Harris that possibly the present site was not an ideal one, it was decided that it was not advisable to make a change at the present time. Mr. Burchar remarked that if there was a school of the present size continuously increasing in value during the next five years, as had been suggested, the board ought to keep it and get the benefit of the advance. He said that they ought not to sell property for the benefit of real estate speculators. The board finally decided to file the petition.

New Schools in Course.

Two two-room temporary schools will likely be erected on the downtown side. The school population in that vicinity is increasing at a rapid rate, and the buildings are urgently needed.

SCHOOL BOARDS FINANCES.

The following is a statement of the school board of the City of Edmonton, as certified to by the auditor:

Assets: Real estate, \$17,372.32; All equipment, \$1,618.21; Furniture, \$1,618.21; Manual training equipment, \$1,618.21; Physical and chemical laboratory, \$1,618.21; Library, \$1,618.21; Real estate, \$1,618.21; Buildings, \$1,618.21; Total, \$1,618.21.

Liabilities: Indebtedness outstanding, \$1,618.21; Contractors' security deposits, \$1,618.21; Bills payable, \$1,618.21; Capital required, surplus from sale of assets, \$1,618.21; Total, \$1,618.21.

THE man who makes money today, is the man who looks ahead, looks into the future.

When we put GROSSDALE on the market, we knew that before very long this property would increase in value, and we were correct.

Before the High Level Bridge was commenced, the engineers had to use very careful judgement as to the best location, for it was upon their decision that the future prosperity of this city rested.

Now they finally decided to build this magnificent bridge practically in a direct line leading to GROSSDALE.

The bridge is nearing completion, and when completed will be teeming with humanity, going to and from GROSSDALE.

It stands to reason that when this takes place property holders in GROSSDALE will see a rapid advance in value. NOW is the time to buy---while the property is at a low figure.

If you buy for a speculation, the time is not far distant when you will be able to turn around and sell at a big profit. On the other hand, if you are looking for a place to live, at an easy distance from the post office, you cannot do better than live in GROSSDALE---Finest location in Edmonton.

If you call at either of our offices, or phone us, we shall be pleased to give you a lot of useful information regarding GROSSDALE.

It will pay you to investigate.

Look for this box at your local store. If your local dealer cannot supply you, send in your order direct.

STEELE, BRIGGS SEED CO. Limited
WINNIPEG, MAN.

Seam-in-front stockings would seem absurd! Then why any seam?

You have kept on wearing stockings with a seam up the back—shapeless, uncomfortable things! because you probably didn't realize the perfection reached by Pen-Angle Seamless Full-Fashioned Hosiery. These are hose without the sign of a seam—look for the sign of the trade-mark. As they are being knit they are shaped lastingly to the curves of the foot and leg. They fit—they wear better—and the utter absence of any seam at all makes them ever so much more comfortable. No difference in cost—but much in quality, in economy and in comfort when you buy

Additional Sport 16 FIVE-MAN TEAMS BOWL NEXT WEEK

Large Number of Entries in Provincial Tournament—Opens Next Monday

Everything is now practically ready for the big provincial bowling tournament, which opens in Edmonton next Monday. Almost all the money for the tournament has been collected and the prospects for a successful tournament are of the brightest. Entries closed last night and the secretary reports sixteen five-man teams entered for the tournament. These include six from Edmonton, three from Calgary, and one each from Lethbridge, Medicine Hat, Lacombe, Leduc, Vegreville, Sedgewick and Maudslayi.

The first games will be played on Monday night. Edmonton and Lacombe will probably look up in the first game of the tournament, as the Lacombe millionaire bowlers have expressed a desire to play on Monday night. Calgary late last night decided to enter a third team in the tournament, and the entry of this team was received over the long-distance telephone. The Calgary bowlers have requested that they be allowed to play on Friday night, and it is likely that their request will be granted.

The first games will be played on Monday night. Edmonton and Lacombe will probably look up in the first game of the tournament, as the Lacombe millionaire bowlers have expressed a desire to play on Monday night. Calgary late last night decided to enter a third team in the tournament, and the entry of this team was received over the long-distance telephone. The Calgary bowlers have requested that they be allowed to play on Friday night, and it is likely that their request will be granted.

The Edmonton teams are getting in some good practice for the tournament and there are likely to be some exciting games in a practice game this week. Sunday games of the best bowlers now is playing on the first team, made an alloy team. Against King's club, first round, 207, just three short of a perfect score. On the last ball that hit the pins, after bowling eleven straight strikes, this rolling ball of a perfect score.

SAVAGE DEFEATED.
By Bulletin Leased Wire.
Vancouver, Mar. 20.—Sam Savage, the only undefeated risk up to the 1,000 drive in Vancouver's tournament, went down to defeat today before Hines of Victoria, who is the only Douglas tankard. Williams, of the Grand Agassaw, drawn, of Victoria, went down to defeat before the Victoria risk in the Kilmuir city, eliminating the Capital City curlers.

Savage met his second defeat of the day when he went down before Melnick, of Grand Forks, in the Grand Challenge, by a score of 14-13, this being the most exciting game of the day. Williams, of Seattle, lost in the Grand Challenge, to Melnick, by a score of 14-13.

INDOOR BASEBALL GAME.
"Indoor baseball" promises to become a really popular game in the city, as an exhibition at 425 First street this week. The indoor game involves most of the features which have made baseball the most popular outdoor pastime on the continent. Striken balls, hits, runs, etc., are all registered automatically. The game is a great deal of fun and amusement for the players of the game, and it is the only game in the city which is played in the winter at 425 First street, this afternoon, and a demonstration made. A full afternoon game will be played.

BIG SOCCER TOURNAMENT AT PANAMA EXPOSITION

By Bulletin Leased Wire.
New York, Mar. 20.—Secretary Cullin of the American Amateur Football Association, announced today that it is the object of a committee representing the association, headed by Mr. Manning, great Commissioner James C. Sullivan and today agreed to recommend that a trophy for an international series of soccer football games be offered by the Panama Pacific Exposition. Mr. Sullivan's committee is the plan was won, when the A.A.F.A. early teams from New York and several other American cities would be sent to meet the Australian, Canada, and probably England also would represent teams.

OLD COUNTRY COMMENT.
By Bulletin Leased Wire.
London, Mar. 20.—"Fighting World" says that the New York Yacht Club's refusal to accept Mr. Thomas Kilgus's challenge has caused great disappointment all over the country. "Indeed," adds the journal, "disappointment can be hardly said adequately to express the feelings of the British yachtsmen in the matter. In fact, it would be nearer the mark."
"The action of the club in refusing another contest adds the lapse of ten years dispenses lack of opportunity, and the fact must be regarded by the British yachtsmen as a blow, as much as it is on this side of the Atlantic."

AN UNUSUAL FATHER.
Though He Owned \$5,000 Worth of Real Estate, Refused Family Necessities.

Toronto, March 20.—Because he allowed them barely enough to sustain life and continued their meat bill to \$2,000 a week, a man who owns \$5,000 worth of real estate, appeared in the juvenile court this afternoon. The father of the wife and three daughters was that the husband and father never brought any butter to the house except when he wanted it for his own use, that the children had been sent home from school because they were dirty, and that the father would not provide soap for the use of the family.

Commissioner Starr, after hearing the evidence, sentenced the father to six months in the Central prison, advising the wife to sue her husband for alimony.

YORKTON TO BURN \$100,000.
Yorkton, Sask., March 19.—The town council is anxious for the raising of one hundred thousand dollars for the construction of a waterworks plant, and no money adequate for the town's needs, the source of water supply being York Lake.

PUT YOUR MONEY IN KENNEDALE WHY?

- BECAUSE** Kennedale is manufacturing property now being sold at residential prices.
- BECAUSE** Money invested in manufacturing property always pays a larger profit than if invested in residential property.
- BECAUSE** All of Edmonton's largest manufacturing plants are now located on or near Kennedale.
- BECAUSE** Several more large plants have secured sites in Kennedale on which to erect large plants in the near future.
- BECAUSE** Kennedale is inside the city limits, thus assuring water, sewer and all city conveniences.
- BECAUSE** Kennedale has over one mile of trackage yet unoccupied, on which will be located manufacturing plants just as fast as they can be secured.
- BECAUSE** Kennedale is now only five minutes walk from post office, stores, schools, churches, etc.
- BECAUSE** Kennedale will be a closely built section this year.

Kennedale Lots are 33 ft. by 123 ft.

Prices from \$300 up, Terms Quarter
Cash, Balance 4, 8, 12, 16 Months
